region, in a compound called  
Molino de Madaura.

## for who?

Children aged between  
7 and 12 years old,  
competent in Spanish,  
who are looking forward  
to having a great time!

# THE ADVENTURES OF Mosaic Planet

fun | respect | discover | learning | drama | happiness  
play | science | culture | art | nature | emotional intelligence

This camp wants to offer an intercultural mosaic made of happy tesserae eager to learn, discover, and experience democratically a great adventure. We respect the fact that each person has a different learning process and that we learn best through our own experiences. We love science, culture, art and nature! Mosaic planet is made up of various different learning spaces in which we follow what makes us curious and discover the magic behind these disciplines through play. We will promote the use of all participants' native languages. This adventure will take place in a compound surrounded by nature, with swimming pool and a Mediterranean menu.
